

Hornsea Project One

Offshore Substation Z12

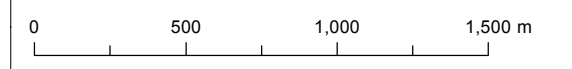

WTG Proximity

- WTG Near OSS Z12
- Other WTG
- Offshore Substation Z12
- Site Boundary/Cable Corridor

Angles and distances are measured from the substation centre point to the L200 WTG locations.
 Angles are calculated clockwise from True North.
 Convergence angles can be found in the Project Reference System Document.

Reference system: ETRS89 Scale@A3:1:25000
 Projection: UTM Zone31N
 Vertical reference: LAT
